

MINNESOTA STATE FAIR

BINGO

Welcome to the Great Minnesota Get-Together! This BINGO game may be used by individuals attending the State Fair or by groups to compete against one another. As you explore the State Fair, make sure to keep a lookout for items on your card. All of the items included may be obtained free of charge, although they require a camera or smartphone for proof of a BINGO. Lastly, remember to have fun!

How to play:

Fill out a blank BINGO card randomly with any numbers from 1-75. Once your numbers are written in the card, look at the “BINGO Find List” to see which “Find” corresponds with each number you’ve filled out on your card. Now, these are the things you need to find! Find an item on your card, take a picture as proof (with permission if it is of or with another person), and check that space off on your card. Create a diagonal, vertical or horizontal BINGO to win. If you choose to do so, you can add difficulty and get creative in the ways you can win (look at the following “Ways to Win” page for ideas)!

Rules:

1. Please note that employees of the Minnesota State Fair are not available to take questions or phone calls about BINGO.
2. Items cannot serve a dual purpose. For example, if you find a bacon food item that is part of a food demonstration, it only counts as one item. It can’t be used to meet the requirements for both “bacon anything” and “a demonstration involving food.”
3. Groups or individuals coordinating BINGO are responsible for providing their own prizes if they choose to do so. The Minnesota State Fair will not provide prizes.
4. Please be respectful of State Fair property, employees and guests.

BINGO FINDS LIST

How to play: These items correspond to the numbers you used to fill out your BINGO card. For example, if you have #55 written on your card, you would need to take a picture of a blue ribbon zucchini to check off that space. Remember: A picture or the actual item provides proof of a BINGO. Good luck!
