## Fair-Time Marketing and Promotion Resources for Vendors and Exhibitors

We are happy to welcome you as a vendor at the 2024 Minnesota State Fair. The State Fair’s marketing & communications department exists to promote the Great Minnesota Get-Together as a whole, working closely with representatives of local television and radio stations, newspapers, magazines, content creators and more. We encourage you to promote your business or attraction using the resources outlined below to maximize the marketing value of your 12 days at the fair.

If you have questions, please contact the email addresses and phone numbers noted throughout this guide. We wish you a successful fair!

### **Fair Finder**

Did you know that all licensed State Fair vendors are featured on our website and app? Beginning mid-August, descriptions of all exhibits and concessions are posted in the Fair Finder, which is found on the State Fair website ([mnstatefair.org/fair-finder/](http://mnstatefair.org/fair-finder/)) and the State Fair’s app (available in the App Store and Google Play in early August). These descriptions, based on your license, are used by fair guests and our information booths to locate specific products and services on the fairgrounds. Inclusion in the Fair Finder is provided to exhibitors and concessionaires free of charge as a promotional tool. If you have suggested changes or corrections to your entry in the Fair Finder, please email [sales@mnstatefair.org](mailto:sales@mnstatefair.org). Your changes will be reviewed and posted, subject to approval by the concessions & exhibits and marketing & communications departments.

### **Tips and Tricks From the Minnesota State Fair Marketing & Communications Department**

#### **Social Media Presence**

Creating a social media presence for your company/product can be a free or low-cost and efficient way to generate buzz and community support. The Minnesota State Fair is happy to provide helpful hints when it comes to social media, but we cannot guarantee to include or tag vendors on our social media accounts. However, if there is an interesting post you’d like us to share or “like” or a story idea you think we may be interested in, please email [socialmedia@mnstatefair.org](mailto:socialmedia@mnstatefair.org) for consideration. All posts and engagement by State Fair social media accounts are done at staff’s discretion.

#### *General Social Media Tips*

Keep in mind when posting about being a part of the Minnesota State Fair, you may only speak on behalf of your company or product, not the Minnesota State Fair. Also, remember that commercial space regulations prohibit you from offering discounts or coupons via social media.

#### *Logo Usage on Social Media and Merchandise and in Advertising and Promotional Materials*

The Minnesota State Fair name, logo and graphics are protected under U.S. trademark law. Use of the name “MINNESOTA STATE FAIR,” the words “GREAT MINNESOTA GET-TOGETHER” and the State Fair’s logos, color scheme and any other aspect of the State Fair’s branding, including its mascots, is forbidden without the annual written consent of the State Fair.

If you intend to use the Minnesota State Fair branding or logo on a social media post or in advertising and other promotional materials, you must seek annual approval from the marketing & communications department at [logos@mnstatefair.org](mailto:logos@mnstatefair.org).
