The FFA show at the Minnesota State Fair
was established in 1947.
2024 marks the 77th anniversary.

MINNESOTA STATE FAIR LIVESTOCK EXHIBITORS

***** IF YOU CHEAT - YOU WILL BE CAUGHT! *****

The Minnesota State Fair takes very seriously the rules and ethics concerning animal welfare and **will** penalize exhibitors when rules are broken. Punishable offenses include violation of the rules and ethical code practices described in the Minnesota State Fair Open and FFA Livestock Premium Books including the International Association of Fairs and Exhibitions (IAFE) National Code of Show Ring Ethics. Use of non-approved medications and feed additives, or improper withdrawal periods on approved medications, have resulted in penalties. Artificial enhancements, surgeries or injections that alter or enhance an animal's phenotype are also prohibited.

Penalties for violations include any or all of the following:

- Expulsion from entry at any Minnesota State Fair livestock show (including 4-H, open, FFA or MN Beef Expo);
- Suspension from entry for a period of years;
- Surrender of all premiums, awards and/or sale proceeds;
- Reimbursement of all associated costs incurred by the Minnesota State Fair;
- Referral to the NALS&RMA Rules Infraction Database;
- Referral to law enforcement for violations of the U.S.D.A. Meat Inspection Act;
- Notification of code of conduct violation to school authorities;
- Other penalties as determined by the Minnesota State Fair.

It is the exhibitor's responsibility to read and understand all the requirements of the Minnesota State Fair Premium Book. **NO EXCEPTIONS.** Penalties may also be assessed against family members and/or any fitters of the animals of the violating exhibitor. Violators of the U.S.D.A. Meat Inspection Act are subject to significant fines and/or prison sentences if convicted in a court of law.

Substance Testing:

Minnesota State Fair conducts tests on all market livestock champions. Additionally, random tests are conducted on various livestock exhibited at the Minnesota State Fair. The tests are conducted by a federally approved laboratory. If a positive initial test is found, a confirmation test is performed to confirm the results. The testing procedures are very sensitive and can identify substances of less than one nanogram. The laboratory can and does test for a wide range of legal and illegal substances.

No Self Administration of Medicine on Livestock on Fair property:

While on Minnesota State Fair property, do not administer any medication or calming agents without permission of state fair officials. The state fair veterinarians are here to help when you have a health issue with your livestock. They charge a minimal fee to consult with and/or treat the livestock. Exhibitors are required to use the services of the state fair veterinarians and should not take chances by self-administration of medications of any sort. Leave needles and syringes at home!

Minimize Risk of Rules Violations:

- **Know what is in your feed.** Check all labels before use of any product. Certain products approved for one species may not be approved for all species. For example, Beta Agonist products like Optiflex are approved for cattle and Paylean is approved for hogs; however, neither of these products are approved for lambs or goats. Make sure your show feeds and show feed supplements do not contain violation-causing ingredients for your species.
- Follow all withdrawal requirements of any additive to the full extent of the label on the product. Penalties may be assessed on the exhibitor for improper withdrawal.
- Be sure that all family and others assisting with care of your animals are aware of the rules you as an exhibitor are subject to. Remember, you are responsible for what is in the animal and not someone else; the legal responsibility rests on your shoulders.
- Maintaining the integrity and safety of the meat derived from the livestock in competition is the primary reason for the policies and procedures referred to above. We cannot lose sight of the fact that we have a moral and ethical responsibility to produce meat that will be totally safe for the consuming public. **Those who disrespect these responsibilities can and will suffer the consequences.**

2024 new testing requirements for dairy cows for Minnesota State Fair dairy cattle shows

The Minnesota Board of Animal Health announced new testing requirements for lactating dairy cows effective June 18, 2024. All lactating (currently producing milk) dairy cows must have both a negative H5N1 test result and Certificate of Veterinary Inspection (CVI) to attend any exhibition or show in Minnesota. The requirements are effective until December 31, 2024, unless extended or rescinded before then.

Requirements:

Lactating dairy cows are required to have a negative test for H5N1 and have a Certificate of Veterinary Inspection (CVI), effective June 18, 2024.

- Negative tests must be received from a lab that is a participant in the National Animal Health Laboratory Network (NAHLN). A veterinarian must oversee or collect samples from each animal traveling to the exhibition within seven days before arriving at the show.
- Samples must be collected no more than seven days prior to the animal arriving on the exhibition site. Samples must be sent to a National Animal Health Laboratory Network Laboratory like the University of Minnesota's Veterinary Diagnostic Lab (VDL) in St. Paul.
- The animals can move intrastate on the same negative results for 10 days from date of collection. Once a negative result is received for an animal, it can move within Minnesota for 10 days from the sample collection date to locations specified on the CVI. If going to multiple exhibitions within that time, all locations the animal is unloaded must be indicated on a CVI.
- The CVI can act as record of negative test if test information is included on the document.

Biosecurity Recommendations for Exhibitors

At the Fair:

Remember to:

- Report health concerns to the official veterinarian.
- Not share equipment with other exhibitors.
- Minimize nose-to-nose contact with other livestock.
- Minimize animal-to-human contact.
- Avoid use of communal water sources.
- Minimize animal stress by keeping them cool and comfortable, and providing food and water from home.
- If you're also caring for animals at home while exhibiting at the fair:
 - Do the chores at home first.
 - Change clothes to care for the animals at home and at the fair.
- Wash your hands with soap and water and dry them well.

Before Returning Home:

- Clean and disinfect all equipment (tack, buckets, shovels, wheelbarrows).
- Properly dispose of unused bedding, hay, and feed.
- Wash your hands with soap and water and dry them well.

At Home:

- Shower, blow your nose, and put on clean clothes and shoes.
- Clean and disinfect vehicles and trailers used to transport animals home from the fair.
- Keep returning livestock separate from other animals for up to four weeks.
 - Feed and work with returning animals last.
 - Wear different clothes and boots when working with returning animals.
- Wash your hands with soap and water and dry them well.

 - A. **Non-livestock FFA competitions.**
 1. **FFA Agriculture Technology.** On display in the Agriculture-Horticulture building.
 2. **FFA Crops.** On display in the Agriculture-Horticulture building.
 3. **FFA Vegetable & Potato.** On display in the Agriculture-Horticulture building. Saturday through Monday, Aug. 31-Sept. 2, 2024.
 4. **FFA Landscape Design & Construction.** Outside the FFA Leadership Center and CHS Miracle of Birth Center.
 5. **FFA Agricultural Interactive Exhibits/Demonstrations.** FFA Leadership Center and Christensen Stage.
 6. **FFA Safe Tractor Operator's Contest.** Friday, Aug. 30, 2024 at Compeer Arena.
 7. **FFA Dairy Cattle and General Livestock Judging Contests.** Friday, Aug. 30, 2024 at Compeer Arena.
2. The Minnesota State Fair will provide sleeping quarters for the FFA exhibitors and advisors as space permits. All students, regardless of age, must be supervised at night. Supervision of FFA exhibitors while they are at the fair is the responsibility of the chapter advisor. An adult, parent, administrator or instructor must accompany the exhibitors.
 - A. **Dorms.** Dorm reservations will be accepted Aug. 1-14, or until dorm space has filled. Requests must be made through the FFA website at mnffa.org. No telephone requests accepted.
 1. For information on dorm space availability, check the FFA website at mnffa.org.
 2. Those requesting space after dormitory space is filled are responsible for obtaining lodging off grounds.
 - B. **Sleeping in the barns -- unless in the dorms -- is not permitted.**
3. **Curfew 11 p.m.** All FFA exhibitors must observe an 11 p.m. curfew.
4. **Code of conduct.** All exhibitors will present a code of conduct statement signed by their parents, advisor and exhibitor.
5. **Prohibited.** The consumption or possession of alcoholic beverages, tobacco, or any controlled substances by FFA exhibitors is prohibited. Violators will forfeit their eligibility to show.
6. It is recommended that the fitting and preparation of livestock be done by the exhibitor and family members. Herdpersons accompanying exhibitors must adhere to the same rules as the FFA members. Failure to do so will result in disqualification of the exhibitor for future shows.
7. All attendants or persons leading or driving an animal into the judging arena must be FFA members, neatly attired and their attire must be kept neat and clean throughout the show.
8. Breed or farm shirts are not permitted in the show ring.
9. The State Fair reserves the right to test any entry for body growth enhancing substances, drugs or medications.
 - A. **Exhibitor Livestock Responsibilities and Consequences form (ELRC).** All livestock exhibitors must complete an Exhibitor Livestock Responsibilities and Consequences form (ELRC). This form must be submitted and RECEIVED by the Competition Office by Monday, Aug. 19, 2024 (the Monday prior to fair opening). Form available on the State Fair website or in each livestock section.
 - B. **If form is NOT received** by the deadline, livestock entries subject to forfeit the right to show.
10. State Fair officials (which may include the official veterinarian and FFA livestock staff) reserve the right to remove any sick animal from exhibit.

11. **Eligibility.** Minnesota high school or post-secondary FFA members who are regularly enrolled in an agricultural education program, or who are active members of a FFA chapter in good standing with the state FFA association. Wisconsin sections 1, 2 and 3 may show in crops and tractor driving only.
 - A. Incoming 9th grade students are eligible to show if enrolled in, or have completed a course in, a grade 9–12 agricultural education program for the current year.
 - B. FFA members enrolled in new or reestablished programs are not eligible to exhibit until the fair following the first academic year of operation, unless previously a member in good standing at another established chapter/school.
 - C. Exhibitors who have not graduated from high school must have been enrolled in at least one agriculture class during the current year, and must be current paid members of the state and national FFA associations.
 - D. This is the last year of eligibility for those who were first eligible to participate in a State Fair FFA show in 2017 and should have graduated high school in 2021.
12. **Substitution.**
 - A. In case of illness, or other extenuating circumstances, another FFA member may show the animal of an FFA exhibitor. The substitute must be approved by the department superintendent.
 - B. Substitution of animals will be permitted outside a class and within the breed division originally entered in all species.
13. **Signs.** Signs in the barns must be no larger than 2' high and 6' long. In the cattle barn, they may not hang in aisle; and must be below wire, above stall boards and treated with a fire retardant.
14. **Pedigrees.** To receive points for the premier exhibitor and specie trophy awards, exhibitors must produce proof of registry the first day of the FFA livestock show.
 - A. Exhibitors must produce pedigrees by the morning of the last day of the FFA livestock show for the breeding shows in order to receive premiums.
 1. Original certificates or official digital copy (.pdf or web version from issuing breed organization) on tablet or phone. Photos of original certificate are NOT acceptable.
 - a. **Poultry and rabbit exhibitors.** Do not need to provide pedigrees, but must be the bona fide owner of the animals.
 - B. It is the responsibility of the exhibitor to make sure the registration certificates are checked by the Competition Department.
 - C. Entries without proof of registration will be recorded on judging sheets as being shown but will be ineligible for premiums.
15. **Awards.**
 - A. **Breeding livestock premier exhibitor.** A permanent traveling trophy will be awarded to the chapter having the highest quality exhibit at the show. The Minnesota State Fair will award a plaque to the overall chapter winner.
 1. To be eligible, an exhibitor must list his/her chapter on their original entry form.
 2. The chapter must have entries in four of five divisions (beef, dairy, swine, sheep and goats) of the FFA Livestock show.
 3. Points computed on exhibits of livestock where the entry was received prior to the closing date and the proof of original registry is presented on the first day of the FFA Livestock show.
 - a. In the event of a tie, the number of champions, first, and second premiums, in that order, will be considered.
 4. All divisions will receive points based on the number of animals in the class.
 - a. In beef, swine, sheep, and goat divisions for example, if there are 15 animals in the class, the first place animal would receive 15 points, second place 14 points, etc.
 - b. In the dairy division, points will be doubled.
 - c. All breeding classes and commercial female classes will be included.
 - d. No points will be awarded in groups.
 - e. **Champions in all divisions will be awarded points on the following basis:** Champions; 10 points each for junior, senior and grand champions. Reserve champions, 5 points each for junior and senior champions.
 - B. **Breeding specie premier exhibitor.** Permanent traveling trophies awarded in beef, dairy, swine, sheep, and goat to the chapter having the highest quality exhibit at the show. The Minnesota Livestock Breeders' Association will award a plaque to the overall chapter winner.

1. Two or more exhibitors per chapter must exhibit to receive this specie award.
 2. Points calculated on the same basis as for breeding livestock premier exhibitor.
 - C. **Market livestock premier exhibitor.** Permanent traveling trophy, awarded to the chapter having the highest quality market livestock exhibit at the show. The Minnesota Livestock Breeders' Association will award a plaque to the overall chapter winner.
 1. Chapter must exhibit in three of four species (beef, swine, sheep and goats).
 2. Points calculated on the same basis as for breeding livestock premier exhibitor.
 3. In carcass classes, all indexed entries, qualified or not, will receive points.
 4. Champion and reserve champion individuals and carcasses will receive 10 and 5 points respectively.
 5. **For Exhibition Only (FEO) class placings** do not count toward market livestock premier award.
 - D. **Market specie premier exhibitor.** Permanent traveling trophies awarded in beef, swine, sheep, and goat to the chapter having the highest quality exhibit at the show. The Minnesota State Fair will award plaques to the chapter winners
 1. Two or more exhibitors per chapter must exhibit to receive this specie award.
 2. Points calculated on the same basis as for market livestock premier exhibitor.
 - E. **Supreme exhibitor.** Permanent traveling trophy, awarded to the chapter having the highest quality overall combined breeding and market livestock exhibit at the show. The Minnesota State Fair will award a plaque to the chapter winner.
 1. Chapter must exhibit in three of five species (beef, dairy, swine, sheep and goats).
 2. Points calculated by adding the chapter's breeding and market points (as calculated in the above rules) together.
 - F. **Supreme specie premier exhibitor.** Permanent traveling trophies awarded in beef, swine, sheep, and goat to the chapter having the highest quality exhibit at the show. The Minnesota State Fair will award plaques to the chapter winner.
 1. Two or more exhibitors per chapter must exhibit to receive this specie award.
 2. Points calculated on the same basis as supreme premier exhibitor.
 - G. **Douglas K. Baldwin Award.** The Minnesota State Fair offers an award in memory of Douglas K. Baldwin, to a Minnesota FFA member based upon length of time participated in the FFA livestock show and with outstanding qualities of leadership, competence, cooperation, courtesy, congeniality, and citizenship. Information on this award may be found on the Minnesota FFA website mnffa.org. The Minnesota State Fair will award a plaque.
16. **Minnesota State Fair Scholarships.** Available to young adults from greater Minnesota or those enrolled in an agriculture program in 2023-2024.
- A. Applications must be submitted via online application by July 15, 2024 at 4:30 p.m. For more information and to apply, visit the Minnesota State Fair website at mnstatefair.org and search "scholarship".
 - B. A qualified committee will review applications and select the recipients. Scholarship recipients will be notified by telephone of their award by Aug. 9, 2024.
17. The show officials solicit and welcome the advice and input of parents and exhibitors.
18. **IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics.** Submission of entry indicates an agreement to abide by all conditions and rules listed below.
- A. Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.
 1. All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine examples. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.
 - B. **The following is a list of guidelines for all exhibitors and all livestock in competitive events:**

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of, consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.
 - a. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved, and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.
 - b. At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications, for the sole purpose of protecting the health of the animal, shall be administered by a licensed veterinarian. *The Minnesota State Fair allows exceptions in breeding classes for sound management practices such as mastitis or pneumonia control.
5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics, or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in, or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of the Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary actions taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

11. The act of entering an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
19. **NALS&RMA Rule Infraction Database.** Barred or Disqualified Exhibitors: The Minnesota State Fair, in cooperation with the North American Livestock Show and Rodeo Managers Association (NALS&RAMA), Rule Infraction Database (RID), reserves the right to refuse entry of any exhibitor who has been barred or disqualified from any other show on the basis of unethical practices referred to in the International Association of Fairs and Exposition s (IAFE), National Code of Show Ring Ethics.
20. **Protests. Minnesota State Agricultural Society 3.12.** A protest from the decision of a judge will only be accepted from a competitive exhibitor named in the official judge's sheet for competition in the class or category under protest, and must be filed with the secretary within five (5) hours after the award has been made. An award is deemed to have been made when the notation of the decision of the judge is entered into the department award book. All protests must be made in writing and must be accompanied by a deposit of one hundred dollars (\$100). The protest must state plainly and specifically the facts upon which the complaint or appeal is based. The right to appeal will lie only when it is charged that the award has been made in violation of the rules governing the exhibit, or when it is charged that the decision of the judge has been influenced or interfered with by another person. No protest or appeal based upon the statement that the judge or judges are incompetent or have over-looked an animal or article will be considered. The one hundred dollar deposit will be returned only if the protest or appeal is upheld. In protest and appeal instances where rules established by a breed association or other competitive organization with which the Society has an agreement differ from this rule, rules of the association or organization shall govern.
21. **Fire safety and electrical requirements.** The State Fair is working with the State Fire Marshal and the fair's own life safety staff to ensure an incident free exposition, and help keep safe power supplies operable in the barns. Your expected cooperation in complying with these requirements is appreciated; they will be enforced on a 24-hour basis. The state fair staff reserve the right to order excess electrical equipment removed if necessary to protect power supplies, stock and exhibitors.
 - A. **Prohibited.**
 1. **Smoking. Smoking is NOT permitted in the barn at any time.** Designated smoking areas have been established at specified locations throughout the fairgrounds. Smoking (including use of electronic cigarettes) is now permitted only in these areas.
 2. **Open flame.** Strictly prohibited.
 3. **Ignition sources.** Frying pans, coffee pots, hot plates, toasters, toaster ovens, warming trays, etc. are prohibited.
 4. Tents or structures which are covered on the top or sides are not permitted in the barns.
 5. Fuel powered generators and fuel containers are prohibited in the barn and in the livestock parking areas.
 - B. Decorative material must be rendered and maintained flame retardant in accordance with the state fire code; documentation required.
 - C. **Electrical equipment.** All electrical equipment (fans, blowers, extension cords, etc.) is subject to electrical inspection and subject to removal if unsafe and/or does not meet electrical codes.
 1. **Fans.** Any fans used must be suspended at the front of cattle. For purposes of electric conservation and safety, it is asked that fans be kept to a minimum and used only for heat stress prevention.
 2. Extra lighting in exhibit areas will not be allowed.
 - D. **Extension cords.**
 1. All extension cords must be at least 12 gauge or larger Type G, PPE, S, SE, SEO, SEOO, SC, SCE, SCT, SO, SOO, ST, STO, STOO, W or other types identified for extra-hard usage and must be of the grounding type.
 2. Extension cords must also be three-wire flexible.
 3. No lightweight (two-wire) extension cords or "zip" cords (18 gauge or smaller) may be used anywhere on the State Fairgrounds.
 4. Octopus plugs and two-wire extension cords often create a fire hazard and will be removed if found in use during an event.
 5. Cables with a "J" in the type designation (Such as Type SJT) are not permitted.
 - E. **Doors to the Cattle Barn electrical box rooms must be kept clear at all times.**

- F. **Blocking exits, walkways, extinguishers, electrical panels, or other required safety devices is prohibited.**
22. **Vehicles and parking.**
- A. **Livestock exhibitor parking, overnight.**
1. **Limited space; filled by computer generated lottery.**
 2. Complete information available online mnstatefair.org.
- B. **Livestock exhibitor parking, daily.** Ordered with livestock entries.
1. Allocated on first come, first served basis; valid only for dates showing (based on entries).
 2. Limit of two per exhibitor.

 5. Attitude and cooperation of exhibitors. 10 points.
 6. Conduct of exhibitors and their friends around the exhibition area. 10 points.
12. **Health regulations.** All animals will be inspected by the official veterinarian the opening day of the exhibition and daily during the exhibition. The official veterinarian will order the immediate removal to a quarantine facility or removal from the exhibition premises of any animal showing clinical signs of any infectious, contagious or communicable disease, including ringworm and warts.
- A. Any animal showing evidence of any disease, abscesses, or any open contagious lesions will not be allowed to exhibit or show and will be subject to isolation or expulsion at the discretion of the official veterinarian.
 1. **Suspected illness.** If illness of any nature is suspected in any animal, the animal is subject to examination by the official veterinarian and owner or exhibitor of the animal must abide by the decision of the official veterinarian.
 2. **Infectious, contagious or communicable disease.** Animals known by the exhibitor to have an infectious, contagious or communicable disease, or to have been exposed to an infectious, contagious or communicable disease, or known to originate from a quarantined flock or herd may not be entered in exhibition.
 3. **Animals with warts or ringworm may not be shown.** A statement from a veterinarian that an animal is being treated for these diseases will not be accepted.
 - B. **Certificate of Veterinary Inspection (CVI).**
 1. **Cattle from Minnesota.** Not required.
 2. **Cattle from outside Minnesota.** Required. CVI is valid for 30 days from the date the animals were inspected by an accredited veterinarian.
 - a. Must list the Minnesota State Fair as consignee and will be accepted if examination and an import permit number is documented on the CVI. Cattle documented on an electronically issued CVI that is available to the Board in the original electronic format within 24 hours of issuance and complies with the Minnesota Administrative Rule 1721.0040 do not require an import permit.
 - b. Must meet the Minnesota importation requirements. See bah.state.mn.us/imports/, or call the Minnesota Board of Animal Health at 651-296-2942.
 - c. Must meet the importation requirements of their state of origin if they are returning.
 3. **NEW for 2024. Lactating dairy cattle, regardless of origin.** Must have a negative test for H5N1 and a CVI is required. See notice at beginning of premium book.
13. **Cattle Identification (ID).** The goal of these ID requirements is to uniquely identify animals so they may be traced to their source in the event of a disease outbreak.
- A. **Official identification.** Individuals must be officially identified; the following types are considered official. For pictures of official ear tags and more information about official ID livestock, visit the Minnesota Board of Animal Health Official ID page at bah.state.mn.us/official-id/.
 1. **Animal Identification Number (AIN) visual (840) tags or Radio Frequency Identification Device (RFID).** 15 digit number, beginning with 840. Must display the U.S. shield.
 - a. May be purchased from most ear tag distributors.
 2. **National Uniform Ear-tagging System (NUES).** NUES ear tags begin with an official state number followed by three letters and then four numbers. Must display the U.S.A. shield.
 - a. Metal NUES tags available for purchase from Ketchum Manufacturing at 800-222-0460 or National Band and Tag Company at 859-261-2035. Minimum order 100 tags.
 - b. Plastic NUES tags available for purchase from Leedstone 877-608-3877.
 - c. Orange brucellosis vaccination tags may only be applied by accredited veterinarians.
 3. **Canadian Cattle Identification Agency (CCIA) Radio Frequency Identification Device (RFID).** 15 digit number, beginning with 124.
 4. **Alternate identification. Applied prior to March 11, 2015.** Includes the National Farm Animal Identification and Records (FAIR). Administered by Holstein Association USA, Inc.
 5. **Breed Registry Tattoos and Tags.** Tattoos and tags which are only valid for movement within Minnesota and imports from Iowa, Missouri and South Dakota. Only acceptable if accompanied by documentation listing the breed registration number. Pending registrations are not acceptable.

14. **Milking Parlor.** Dairy Cattle will be milked in a milking parlor with equipment furnished by DeLaval. The parlor is serviced and completely checked according to industry standards, including those of the National Mastitis Council immediately prior to the start of the Minnesota State Fair
- A. **Parlor rules.** It is requested that everyone with milking cows use the parlor, unless the cows are presently being treated with antibiotics. Schedule for milking will be posted in the barn. Exhibitors failing to observe parlor rules will be asked to leave. You may be liable for the entire tank of milk if it is not salable due to infractions marked with an asterisk *.
- Movement in and around the parlor.**
 - Walk animals slowly in and around the parlor area.
 - Do not tie animals on the outside of the holding area (they may be tied on the inside of the holding area if you have several cows to move).
 - Do not bring cows in through the parlor exit, unless directed by parlor staff.
 - Cattle must exit the parlor complex via the Cattle Crossing in the Moo Booth.** Stay under the canopied area. Utilize the warning lights to alert fair visitors.
 - Milking.** Milk that is sold from the parlor must be certified to be from cows that have not been treated with rBST. If an exhibitor is unable to certify the cows is rBST free, the cow will be bucket milked and the milk will be discarded. This is a requirement of the purchaser.
 - Strip all four quarters into strip cup prior to attaching milker and show strip cup to parlor staff.
 - * All treated animals and cows showing abnormal milk must be milked into a bucket.**
 - * No foreign material is allowed in the cow's udder.**
 - Exhibitors who milk by hand or in the stall must dump the milk in the milking parlor. Step savers are located just outside the exit of the parlor, in the holding area for dumping milk. Do not dump milk into the wash racks, sinks, or in the outside storm sewers.
 - Injection of substances into cows will not be allowed inside the parlor. This includes oxytocin. Cows requiring an injection should be injected in the walled off entry area, prior to entering the parlor.
 - Exhibitor expectations.**
 - Observed all posted milking times.
 - Do not touch the milk computer.
 - No alcoholic substances will be allowed in parlor, nor will intoxicated behavior will be tolerated.
 - Abuse, verbal or otherwise, from exhibitors, owners or parties affiliated with them will not be tolerated by State Fair staff.
- B. **Milk sales.** Exhibitors who milk their cows in the Milking Parlor will receive a check for their milk following the fair.
- Exhibitors who wish to be paid for their milk must fill out and sign a milk number form and return it to parlor staff.
 - Use the assigned milk number every time to ensure the milk is credited correctly.**
15. **PDCA Show Ring Code of Ethics.** Adopted May 5, 2015. Submission of entry indicates an agreement to abide by all conditions and rules listed below:
- The showing of registered dairy cattle stimulates and sustains interest in the breeding of registered dairy cattle. It is also an important part of the promotion, merchandising and breeding program of many breeders. For these reasons, the Purebred Dairy Cattle Association (PDCA) believes that it is in the best interest of all breeders of registered dairy cattle to maintain a reputation of integrity in dairy cattle shows and to present a wholesome and progressive image of dairy cattle in the show ring.
 - PDCA endorses this Show Ring Code of Ethics for all dairy breed shows and pledges its full cooperative support for its enforcement to show management, show judges, and the national breed associations.
 - The application of this Code of Ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics. Dairy cattle exhibitors shall, at all times, deport themselves with honesty and good sportsmanship.
 - It is recognized that there are certain practices in the proper care and management of dairy cattle that are necessary in the course of moving dairy cattle to and between shows that are advisable to keep them in a sound, healthy state so they might be presented in the show ring in a natural, normal condition. At all times, exhibition livestock shall be treated in a humane manner and in accordance with dairy quality assurance practices so as to protect the health, safety and welfare of the livestock and the consuming public. No person shall present for exhibition or exhibit an animal which he or she knows, or has reason to suspect, is affected with or has been exposed to a dangerously contagious or infectious disease, or illegal or non-approved use of drugs, medication and/or prohibited substance, or residue.

- E. The position of the Purebred Dairy Cattle Association is that all animals presented for exhibition shall be in their natural conformation and structure, free of any alteration or modification by injection or internal or external administration of any substance or by any involvement in unethical fitting.
- F. **Grooming and Preparation.** Dairy cattle exhibitions are conducted under standards for evaluating conformation established by the PDCA Unified Score Card (2009), with specific breed characteristics taken into consideration by the show judge. In this connection, animals will be groomed and prepared for the judge's evaluation in order to display the animal's natural contour, conformation, performance and mobility. Specifically:
1. Changing the natural color of the animal is prohibited (effective 6/1/2015). However, external applications of cosmetics that affect only appearance may be used, including by way of example hoof polishes and false switches.
 2. The maximum allowable length of naturally growing hair anywhere on the topline is not to exceed 1". Exhibitors will be required to comply with this rule before the animal is allowed to enter the ring.
 3. Addition of foreign objects, including but not limited to hair or hair substitutes, cloth or fiber, to change the natural contour or appearance of the animal's body is prohibited.
 4. Externally sealing the teat end with a preparation that does not harm the animal's skin is permissible. Natural teat placement will be given preference over artificially positioned teats.
- G. **Violations: False, Deceptive or Unacceptable Practice.** These practices are violations of the Code of Ethics and will be reported to show management and may be reported to the respective national breed associations:
1. Misrepresenting the age and/or milking status of the animal for the class in which it is shown.
 2. Treating the animal, particularly the udder, internally or externally:
 - a. with an irritant or counter-irritant,
 - b. using a device to artificially create or enhance the udder crease,
 - c. using other substance as detected by testing that causes changes in the udder to artificially improve the conformation,
 - d. plugging of teat canal with foreign substances.
 3. Surgical or unethical insertion of any matter under the skin or into body cavities, performed to change the natural contour or appearance of the animal's body (e.g., administration of fluid via a stomach tube or other similar apparatus to fill the rumen), though not to preclude practices required or involved in normal management.
 4. Criticizing or interfering with the judge, show management or other exhibitors while in the show ring or other conduct detrimental to the breed or the show.
 5. Challenging, threatening or interfering with an ethics committee appointed by show management to monitor the animals on exhibit on the show grounds.
- H. **Exhibitor Responsibility.**
1. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (hereinafter referred to as "Exhibitor") for show management to obtain any specimens of urine, saliva, blood, milk, or other substances from the animal to be used in testing. Materials may also be collected by ultrasound and photographic methods and by direct examination of animal.
 2. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor") to have disciplinary action for violation of this Show Ring Code of Ethics taken by show management, the state in which the show occurs, and/or the national dairy breed association without recourse.
- I. **Show Ethics Committee.** The Ethics Committee will be responsible for monitoring violations of the Show Ring Code of Ethics. The Ethics Committee will investigate the report of any violation and determine the accuracy of the allegation. The Ethics Committee will have the authority to inspect animals and related material to determine if violations have occurred.
- J. **Violations: Reporting and Investigation.** Complaints of alleged violations can be reported to the breed superintendent, the show superintendent, show management, and/or the Ethics Committee.
1. **Before An Animal is Shown.** If the Ethics Committee suspects that a violation of the Show Ring Code of Ethics will occur if the animal is shown, and that violation is reasonably well established before the animal is shown, the Ethics Committee will submit a report to show management. Show management will discuss the violation with the Exhibitor:
 - a. If, at the Exhibitor's discretion, the animal in question is not shown, no violation will have occurred.

- b. If the Exhibitor wishes to challenge that a violation occurred, he/she/they will have opportunity to appeal to the Ethics Committee. If its decision is not changed, the Exhibitor will be denied opportunity to exhibit the animal in question.
 2. **During and After An Animal is Shown.** All animals are subject to examination during judging. The judge and Ethics Committee are instructed to examine the top five (5) animals in each class closely for violations of the Show Ring Code of Ethics. When a violation may have occurred, a milkwort may be called for. This call may be by breed association rule, or by request of an authorized representative of the national breed association, the judge, the Ethics Committee, or show management. If an animal is exhibited and a violation of the Show Ring Code of Ethics is subsequently suspected, investigated, and determined to have occurred, the violation will be reported to the Ethics Committee and show management for action. The Exhibitor will be notified of the violation and the supporting evidence and invited to defend or explain the allegations. Violations are subject to the disciplinary provisions of show management, the state in which the show occurs, and the national dairy breed association. Sanctions may include any one, or combination of the following:
 - a. forfeiture or return of awards, prizes, premiums or proceeds;
 - b. written letter of reprimand to the owner, exhibitor, fitter and/or absolutely responsible person (the "Exhibitor");
 - c. disqualification of the exhibition livestock from an exhibition;
 - d. disqualification of the Exhibitor from the show;
 - e. publication of offense.
- K. **Disqualification may include any or all shows and classes and may be for any number of years.**
